季節 THE SEASONS

The aim of The Seasons Training Restaurant is to provide an overall variety of wines from all over the world, specific to their regions, soil and climate.

Our focus is to present the best example of the grape variety either single or blended, grown in different regions of the world with a reasonable, organic or biodynamic approached to winemaking as much as possible.

This is giving us and our guests the true aspect of the wine, region and country, all of this, closely with the philosophy of each winemaker, winery, domaine or château.

All of the wines that we serve are sourced by our sommelier & beverage director, working closely with suppliers or directly with the wineries to able us to have the best selection as possible.

If you would like to learn more about wine tasting and selection, our sommelier is always ready to explain and guide you for wine purchase, food and wine pairing experiences or any other occasion.

You are also welcome to take wine classes with our sommeliers, watch out for the monthly promotion.

Mathieu Gaignon – Beverage Director
